

# RightFax MFP Module

- Do you spend a lot of money faxing paper documents from MFPs or fax machines?
- Do you want to reduce your total capital expenditure by avoiding having to pay for embedded MFP fax kits when purchasing new MFPs?
- Do you want to reduce telephony costs by consolidating multiple phone lines connected to standalone fax machines or MFP fax kits?
- Do you spend hours looking for important documents that you hope are filed somewhere?

**If you answered “YES” to any of the above, then MFP integration for RightFax is the solution for you!**

## With MFP integration for RightFax, you can:

- Send faxes from an MFP.
- Print send notifications automatically.
- Retain full audit trail, archiving, and privacy.
- Include a custom fax cover sheet.
- Get personalized fully interactive integration at the MFP control panel (only with RightFax and partner MFPs including Ricoh, Xerox, Konica-Minolta and HP).

Don't waste time finding critical documents when you need them. When bundled with Alchemy, your MFP can securely archive documents electronically, allowing you to retrieve them instantly.
